7th September 2015

Dear Parent / Guardian

Your child will be completing their mock examinations in December. In order to assist your child with their revision and preparation we would like to provide them with access to an online GCSE Science revision resource.

'My GCSE Science' is a revision website, which contains over 230 video tutorials to help your child further develop their own knowledge and understanding of the GCSE Science content. It also provides access to exam questions and mark schemes for each topic, so your child can apply their learning and check their own level of understanding. Your child is studying for their Biology, Chemistry and Physics GCSEs, and the website incorporates all of the content that they have been studying within their science lessons. Access to the video tutorials for the first section of each GCSE are free, but access to the additional and further content would normally be charged at £49.95 for each pupil. To help your child prepare as effectively as possible for their GCSE examinations we are going to provide your child with access to this resource free of charge.

We are writing to you to make you aware of this resource, and to allow you to ensure that your child is using the website to help them prepare for their examinations. Your child will be given a username and password to access the website during their science lessons this week, and they will then be able to access the website from home, or using computers within school.

If you would like any support using or accessing the website, or have any queries regarding your child's preparation for their examinations please do not hesitate to contact Miss Brophy in the Science Department. We would also welcome any feedback on the usefulness of this new resource, and how it is helping your child with their preparation for their examinations.

Yours sincerely

Miss C. Brophy

Head of Science Department

Name of Child Science Class

I can confirm that I have received the letter regarding the new GCSE Science revision resource.

Signed Parent / Guardian
